10 February 1995

George Hashim, Ph.D.
Associate Research Director
The Council for Tobacco Research - U.S.A., Inc.
900 Third Avenue
New York, New York 10022

PHONE: 212-421-8885

Dear Dr. Hashim:

On behalf of the officers and members of the American Society for Neurochemistry, particularly including the Program Committee for the 1995 meeting in Santa Monica, California, I want to extend our deepest thanks for your very generous and kind contribution of $ 500 in support of a symposium on ligand-gated ion channels. I would enclose copies of the abstracts and schedule for this session, which promises to be very exciting and of interest to many of the Society's members, but I imagine that you have already received the program. It seems that the program for the meeting already acknowledges the contribution from the Council for Tobacco Research, and I will make sure that the gift is also acknowledged during the symposium.

St. Joseph's Hospital and Medical Center

Your request for the disposition of funds will be honored. If you or anyone else from the Council will be attending the meeting (or passing through Phoenix sometime), please let me know.

Thank you so much again for the generous contribution.

Sincerely,

Ronald J. Lukas
